

SEMI CONDUCTOR PACKAGE PINOUTS (BOTTOM VIEW)

All packages are viewed from below or the rear of the package, with the heatsinking surface upwards, unless otherwise noted.

In addition to the information provided by Altronics in regard to semi conductor data, you can get all the information you require from the various manufacturer's websites. The following is a list of the more common IC and semi conductor manufacturers.

Analog Devices:	www.analog.com
Atmel:	www.atmel.com
Fairchild:	www.fairchildsemi.com
Fujitsu:	www.fujitsu.com
General Semiconductor:	www.generalsemiconductor.com
Harris:	www.intersil.com
Hewlett-Packard:	www.semiconductor.agilent.com
Hitachi:	www.hitachi.com
International Rectifier:	www.irf.com
